Queen's Conference Center
510 S. Beretania Street, Honolulu, HI

Presented by
Department of Psychiatry
John A. Burns School of Medicine
University of Hawai'i

About this Conference

The Hawaii Addictions Conference is designed for physicians of all specialties, psychologists, CSAC and other treatment counselors, nurses, and social workers. The purpose of this year's conference is to provide an overview of cross-cultural perspectives and research findings on alcohol and other addictions, in relation to clinical practice and appropriate and timely client interventions.

Learning Objectives

Upon completion of the conference participants will be able to:

1. Discuss areas of diagnosis where accuracy is improved by cultural understanding.
2. Recognize the sociocultural-specific matching of at least two therapies for substance use disorders.
3. Distinguish between efficacy of pharmacotherapies for three or more drug-using subgroups.

Continuing Medical Education

The Hawaii Consortium for Continuing Medical Education (HCCME) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The HCCME designates this educational activity for a maximum of five (5) *AMA PRA Category 1 Credits™*. Physicians should only claim only credit commensurate with the extent of their participation in the activity.

This activity has also been approved by the Hawaii Department of Health Adult Mental Health Division for 5 hours of CSAC continuing education.

Certificates of attendance will be provided on request to psychologists, nurses, social workers, and other non-physicians.

Evaluation and Attendance

Evaluation of the conference will be achieved by participant evaluation feedback form. Attendance will be documented by a sign in sheet and submission of a completed evaluation form.
